

Fujitsu recommends Windows 10 Pro.

# Data Sheet

## FUJITSU Desktop ESPRIMO D738

New small form factor PC in a more compact and space-saving design

The new FUJITSU ESPRIMO D738 Desktop PC provides advanced expandability features in a smaller housing. With up to 9th Gen Intel® Core™ processors, a switched monitor outlet and a power supply with 94% efficiency (optional) ensure best energy efficiency coupled with high performance. To meet the system upgrade requirements, it offers high flexibility with space for up to three mass storage drives. Optional Intel® Standard Manageability helps keep administration and rollout costs low. Optional security functions, such as the integrated cabinet lock, EraseDisk and SmartCard reader help secure your valuable business data and hardware components.

### Ultimate usability

Benefit from a wide range of features which ease your workaday life

- ON/OFF switch, I/Os in front for easy access control and use of the system (audio, USB Type C, optional SD card reader, SmartCard reader and ODD)

### Quiet system

Pleasant working environment due to an extremely quiet system

- Innovative hardware design with optimized cooling concept ensures silent operations

### Always Available Office PC - stay connected and save power

Be ready for instant communication and a significantly reduced energy bill

- Innovative Low Power Active Mode and energy-efficient integrated power supply

### Advanced system management

Simple system administration for complex IT infrastructures

- Intel® Standard manageability technology (ISM) optional and DeskView manageability suite

### Low carbon footprint

Another example of Fujitsu's commitment to environmental protection and sustainability

- Low power active function and energy-efficient power supply; less cables due to onboard LED/on/off switch, USB and audio connectors; less raw material used in printed circuit board (PCB) - reduction of up to 20% in PCB when compared to a 10 liter system

# Components

## Recommended Accessories

**Display B24W-7 LED**

The FUJITSU B24W-7 LED Display with excellent ergonomics makes intensive office work extremely comfortable. This highly reliable display offers superb usability and power-saving features to help reduce your labor as well as energy costs. With wide viewing angle technology, flexible connectivity, and easy manageability, the FUJITSU B24W-7 LED Display can help you improve productivity.

Order Code:  
S26361-K1497-V141

**Wireless Mouse Touch WI910**

The Fujitsu Wireless Mouse Touch WI910 has a special touch sensitive surface that recognizes when your hand touches the mouse even before you move it. This provides nearly instantaneous wake-up from the intelligent energy saving sleep mode. Unbeatable responsiveness combines with features like switchable resolution, and three programmable buttons for a unique user experience.

Order Code:  
S26381-K465-L100

**Blue LED Mouse GL9000**

Blue LED Mouse GL9000 comes in a slim design with proven Fujitsu engineering quality. The state-of-the-art blue LED sensor enables ultra precise switchable resolution at 1,000, 1,500 and 2,000 dpi. Blue LED Mouse GL9000 makes your life easier because it's tailor-made for right handed users. It just feels great in your hand.

S26381-K438-L100

**Keyboard KB955**

The KB955 is a very flat keyboard with extra low keys and spill-resistant protection. The elegant design and top-quality construction makes the KB955 the ideal input device for any PC or Notebook user. If you accidentally spill some water or coffee onto the keyboard, this special construction helps the liquid to flow away.
