

## **Data Sheet**

# FUJITSU PFC EP Emulex LPe35000 / LPe35002 Fibre Channel Adapters

Dual- and single-port 32 Gbit PCle 4.0 Host Bus Adapters by Broadcom

Fibre Channel Host Bus Adapters (HBA) enable data exchange over large distances and extend your existing FUJITSU server systems by including communication interfaces using high-speed communication technology. All connections are redundant and hot-pluggable.

The combination of hardware and software exemplifies the high-performance quality of communication.

The number of system restarts is reduced thanks to optimized software and extended error check functions help improve the integrity of your company's information.

## PFC EP Emulex LPe35000 / LPe35002 Fibre Channel Adapters

The Emulex Gen 6 32 Gb Fibre Channel (FC) Host Bus Adapters (HBA) by Broadcom for PRIMERGY and PRIMEQUEST server systems are optimal Fibre Channel HBAs for virtualized, cloud and mission critical deployments. The PFC EP Emulex Gen 6 Fibre Channel HBAs LPe35000/35002 by Broadcom take performance to a new level with PCle 4.0 support, data integrity capabilities and cloud scale reliability, and ease of use. Organizations looking to improve performance, protect against data corruption, and simplify operations of FC SANs in cloud or high performance environments can benefit from deploying the PFC EP LPe35000/35002.

The single and dual port FC HABs feature the Emulex bullet-proof driver stack built on a heritage reaching back to the first generation Fibre Channel adapters resulting in rock-solid reliability in 32Gb/s, 16Gb/s and 8Gb/s environments. With over 5 million IOPS on a single port, they are ideally suited for Fibre Channel connectivity to flash storage arrays.

Compared to the previous generation, Emulex Gen 6 HBAs deliver 2x greater bandwidth— 12,800MBps (2 ports 32G, full duplex), less than half the latency, and support an industry-leading 5 million IOPS on a single port, ensuring SLAs are

## Features & Benefits

Main Features	Benefits
Scalable bandwidth	
■ Faster Flash. Better Virtualization. Lossless Networking	Emulex Gen 6 FC HBAs are designed to address the demanding performance, reliability and management requirements of modern networked storage systems that utilize high performance and low latency solid state storage drives for caching and persistent storage as well as hard disk drive arrays.
High performance throughput	
■ Accelerate	The unique Emulex Dynamic Multi-core Architecture delivers unparalleled performance and more efficient port utilization than other HBAs by applying all ASIC resources to any port that needs it.
Reliability and guaranteed network performance	,, <del>.</del>
■ Protect	Emulex Gen 6 FC HBAs deliver enhanced security via the new secure firmware update feature which protects and ensures the authenticity of device firmware.
Streamlined management	·
■ Enterprise-class management	■ The flagship OneCommand® Manager enterprise-class management application features a multiprotocol, cross-platform architecture that provides centralized management of all current and previous generations of Emulex FC HBAs. This enables IT administrators to manage network connectivity with one tool for maximum efficiency.

## Technical details

Controller Silicon	Emulex XE601			
Controller type	Fibre Channel Host Bus Adapter			
Connector type	LC-style			
Number of ports	1			
	2			
Auto Negotiation support	Yes			
Bus transfer rate	16GT/s			
LEDs	2 LEDs per port (yellow and green)			
Standards	Current ANSI/IETF Standards: FC-PI-7; FC-FS-5; FC-LS-3; FC-GS-7; FC-PI-5; FC-PI-6; FC-DA; FC-DA-2; FCP-4; SPC-4; SBC-3; SSC-4; FC-NVMe; FC-NVMe/AM1 • Legacy ANSI/IETF Standards: FC-PI-4; FC-FS-3; FC-FS-4; FC-LS-2; FC-GS-6; FC-PH; FC-PH-2; FC-PH-3; FC-PI; FCPI-2; FC-PI-3; FC-FS; FC-GS-2/3/4/5; FCP-2/3; FC-HBA; FC-TAPE; FC-MI; SPC-3; SBC-2; SSC-2; SSC-3 • PCIe base spec 4.0

### More information

#### Fujitsu products, solutions & services

In addition to Fujitsu with PFC EP Emulex LPe35000 / LPe35002 Fibre Channel Adapters, Fujitsu provides a range of platform solutions. They combine reliable Fujitsu products with the best in services, know-how and worldwide partnerships.

#### Fujitsu Portfolio

Build on industry standards, Fujitsu offers a full portfolio of IT hardware and software products, services, solutions and cloud offering, ranging from clients to datacenter solutions and includes the broad stack of Business Solutions, as well as the full stack of Cloud offering. This allows customers to leverage from alternative sourcing and delivery models to increase their business agility and to improve their IT operation's reliability.

#### More information

Learn more about Fujitsu PFC EP Emulex LPe35000 / LPe35002 Fibre Channel Adapters, please contact your Fujitsu sales representative or Fujitsu Business partner, or visit our website. www.fujitsu.com/primergy

#### Fujitsu green policy innovation

Fujitsu Green Policy Innovation is our worldwide project for reducing burdens on the environment.

Using our global know-how, we aim to contribute to the creation of a sustainable environment for future generations through IT
